Dear Dan,

Just a note to say thank you--the rally here was an ~~xxx~~ outstanding success and has opened up many opportunitie/s for us here, and for much of that success we can thank you. People are starving for political leadership and spokes-people that can explain things and offer solutions. You are one of the few people who speaks to a national audience, and who can fill this vacuum. The combination of you and Jane, with Holly's singing, is just unbeatable.

Our IPC group is greatly strengthened from having worked on the rally. National IPC is, I believe, in a position to respond effectively to what will be an important year in Vietnam.

Thanks again. Your efforts are greatly appreciated.

Sincerely,

Karen Hussbaum,  
for the IPC staff.
